

## Who we are

Windlab is the 100% Aussie-grown global renewable energy company championing Australia's clean energy transition.

We exist to go big on renewables. Fully integrated across the entire renewable energy value chain, Windlab uses world-leading science to find, construct and operate Australia's top-performing renewable energy projects.

Privately owned by Squadron Energy and Federation Asset Management, Windlab is headquartered in Canberra with offices in Sydney, Melbourne, Brisbane, Townsville, Ararat, and Hughenden. With almost 24GW currently in development or under construction, and our sights set on our five-year 10GW plan, Windlab has the science, skills and the financial backing required to deliver our ambitious pipeline and **make fossil fuels obsolete**.

If you're passionate about making a difference and being part of an organisation that is driving the renewable energy transition in Australia, then we want to hear from you.

## Be part of a diverse team working on an exciting portfolio of projects!

Our organisational culture is central to our success, and our pillars of character drive everything we do:

**Speak up** - Make a difference. The biggest challenge humanity faces needs big brains, big voices, and fresh perspectives. **Respect expertise** - Listen and learn, always. Ability trumps hierarchy. Share smarts and contribute. **Prove it** - Science and business do not progress on assumptions. The problems we are solving deserve robust justification. – **Collaborate** - Our skills mix is our superpower. Democratise knowledge, multiply capacity.

**CLICK [HERE](#) TO JOIN OUR Talent Community and when we have a suitable role we will be in touch.**

*At Windlab we value the expertise and experience that each individual brings to our workplace. If there is a better way, a fresh perspective, or a counterpoint then we want to hear about it. We like to share knowledge, test thinking, bring the community into the process and ultimately multiply capability. We are looking for people from all backgrounds to join our team and help us make renewable energy cheaper, easier and more reliable. We encourage people from diverse backgrounds including women, Aboriginal and Torres Strait Islanders, people of all backgrounds, ages, sexual orientation, and those with disabilities to apply.*
