

Are you ready to join an inclusive workplace that values diversity and collaboration?

About Us

Our organisational culture is central to our success, and our pillars of character drive everything we do:

Speak up - Make a difference. The biggest challenge humanity faces need big brains, big voices, and fresh perspectives. **Respect expertise** - Listen and learn, always. Ability trumps hierarchy. Share smarts and contribute. **Prove it** - Science and business do not progress on assumptions. The problems we are solving deserve robust justification. – **Collaborate** -Our skills mix is our superpower. Democratise knowledge, multiply capacity.

Windlab is the 100% Australian global renewable energy company championing the nation's clean energy transition.

We exist to go big on renewables. Fully integrated across the entire renewable energy value chain, Windlab uses world-leading science to find, construct and operate Australia's top-performing renewable energy projects. With almost 24GW currently in development or under construction, and our sights set on our five-year 10GW plan, Windlab has the science, skills and the financial backing required to deliver our ambitious pipeline and **make fossil fuels obsolete**.

Exciting opportunity for a construction site manager! Windlab is hiring and we want you to join our team

About the Role

As a Construction Site Manager, you will have the opportunity to build, lead, and motivate a team to achieve outstanding results. With a focus on safety and quality, you will be responsible for ensuring a zero harm (nil LTI) outcome for all site works.

You will excel in overseeing the successful delivery of the project and provide input into the overall project strategy, including contract management review and scheduling.

Who we are looking for!

You will be an experienced FIFO Site Construction Manager with experience in representing either the Principal or the EPC Contractor. You will have exceptional experience and understanding of civil and electrical work production rates on renewable energy projects.

Your expertise in project management skills within consulting or construction management will ensure successful site management.

Project Management skills within Consulting or Construction Management

You will be team-oriented and dedicated to delivering excellence. With outstanding communication skills and the ability to collaborate with diverse stakeholders, you will thrive in this role. Get brand awareness and take your passion for renewable energy to the next level!

Your inclusive approach along with your exceptional coaching and mentoring skills will help create a highly effective team.

Windfarm delivery experience would be an advantage. We are looking for someone who can make a real impact.

What we offer

- Employee Assistance Program
- Educational Sessions offered throughout the year
- Extended Caring and Bereavement Leave
- Me Days – 2 additional days per year that you may take whenever you like
- Competitive Market Salary
- \$1,500 annual reimbursement for any financial planning sessions you may attend
- Up to \$1,000 professional membership reimbursement
- Further education - up to \$15,000 financial assistance and 2 weeks study leave each year
- Up to \$1,000 reimbursement for physical exercise pursuits per annum
- Refer a friend bonus
- Novated Car Lease
- Hybrid Working options
- 20 weeks paid parental leave for primary and secondary carers
- Corporate Volunteering – 2 days per calendar year to volunteer for a recognised non-profit organisation.
- Group Volunteering – organised by Windlab
- Workplace Giving – we will match your contribution donated up to \$500 per annum. There are 6 charities to choose from.
- Buddy Program – all new employees are teamed up with a more experienced employee to help them through their 3 months
- An opportunity to contribute towards a more balanced future for the planet through renewable energy
- Opportunity to work for an endorsed WORK180 employer

The ideal candidate will be located in Brisbane or Townsville. The role is a site-based FIFO role.

We are seeking candidates passionate about making a difference in the renewable energy industry. Construction site managers, this is your opportunity to drive the renewable energy transition in Australia.

We are proud to be recognised as an employer of choice for women by WORK180

At Windlab we value the expertise and experience that each individual brings to our workplace. If there is a better way, a fresh perspective, or a counterpoint then we want to hear about it. We like to share knowledge, test thinking, bring the community into the process and ultimately multiply capability. We are looking for people from all backgrounds to join our team and help us make renewable energy cheaper, easier, and more reliable. We encourage people from diverse backgrounds including women, Aboriginal and Torres Strait Islanders, people of all backgrounds, ages, sexual orientation, and those with disabilities to apply.
